Boys Social Skills Group

For teen boys with Autism Spectrum Disorders

Boys Social Skills Group for teens with ASD addresses issues pertaining to:

- Social skills
- Personal and social issues experienced by adolescents
- Process of social situations

This group is accepting males, 13-15 years old. Sessions are held weekly on Fridays from 4:00-5:00 p.m. on an ongoing basis.

Group sessions include: psychoeducation, discussion, process, and social activity. Concepts and skills are taught and then practiced during social activities.

The leaders of this group are Mariella Hogan, PhD, James Carpenter, BSW, and Joel Lampert, MS, Pre-doctoral Intern.
